

# ITC/USA AWARDS 2015

## 2015 Best Conference Paper Award

“Maximum Likelihood Detection from Multiple Bit Sources”

*Michael Rice (l), Brigham Young University, and Erik Perrins (r), University of Kansas, receive the Conference Best Paper Award from Charles Creusere, Technical Program Chair.*

## 2015 Lawrence Rauch Award for Standards

Sponsored by TSCC

“One Approach for Transitioning the Inet Standards into the IRIG106 Telemetry Standards”

*Carl Reinwald, CSC, receives the Lawrence Rauch Award for the Best Telemetry Standards Paper from Diarmuid Corry, TSCC Chair.*

# ITC/USA AWARDS 2015

## 2015 Myron Hiram Nichols Award for Telemetry Spectrum Sponsored by ICTS

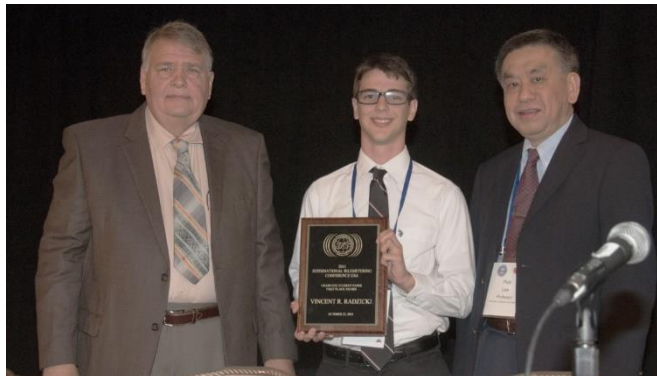

"C-Band Transmitter Experimental (CTrEX) Test at White Sands Missile Range (WSMR)"

*Joshua Dannhaus, WSMR, receives the 2015 Myron Hiram Nichols Award for the Best Telemetry Spectrum Paper from Mikel Ryan, ICTS Chair. Co-Winner, Jesus Nevarez, WSMR, not pictured.*

## 2015 First Place Graduate Student Paper

"Detection and Imaging of Micro-Periodic Motion with FMCW Sensing System"

*The First Place Graduate Student Paper Award is presented to Vincent R. Radzicki, University of California, Santa Barbara by Clifford Aggen, Student Paper Chair. Hua Lee was Faculty Advisor. University of California, Santa Barbara*

## 2015 Second Place Graduate Student Paper

"A Modular Scheme to Detect and Combat Sinusoidal Variation in Fading Channels"

*The Second Place Graduate Student Paper Award is presented to Sushruth Sastry, Missouri University of Science and Technology by Clifford Aggen, Student Paper Chair. Kurt Koshbar was Faculty Advisor. Missouri University of Science and Technology*

---

## 2015 First Place Undergraduate Student Paper Award

"SOQPSK Software Defined Radio"

*The First Place Undergraduate Student Paper Award is presented to Christopher Nash and Christopher Hogstrom, Brigham Young University by Clifford Aggen, Student Paper Chair. Dr. Michael Rice was Faculty Advisor. Brigham Young University*

## 2015 Second Place Undergraduate Student Paper “Exploring Vulnerabilities in Networked Telemetry”

*The Second Place Undergraduate Student Paper Award is presented to authors Felix Shonubi, and Joshua Odumosu, Morgan State University by Clifford Aggen, Student Paper Chair. Dr. Richard Dean, Dr. Farzad Moazzami, and Dr. Yacob Astake were Faculty Advisors.*

*Co-authors Clara Lynton and Daryl Moten are not shown.  
Morgan State University*

# *Congratulations!*
